The screenshot shows a web browser window with the address bar displaying 'wx.3cep.cn/app/UPS/'. The page content is a UPS tracking interface. At the top, there is a navigation bar with the UPS logo and links for 'Quick start', 'Monitoring', 'Shipping', and 'Services'. A 'Loading' spinner is visible in the background. A modal window titled 'Track your package' is centered on the screen. It contains the following fields: 'First name' and 'Last name' (two separate input boxes), 'Postal code' (one input box), and 'Tracking number' (one input box containing the value '1Z6R1BV19694B99241'). Below these fields is a yellow button labeled 'To follow >'. In the top right corner of the browser, a notification box says 'Can't update Chrome' with a 'Reinstall Chrome' button. The footer of the page is dark and contains two columns of links: 'Customer service' (Help Center, Get started with UPS, Change delivery, Help with your complaints) and 'This site' (Monitoring, Shipping, Services, Addresses, My profile). There are also links for 'Investor Relations', 'Careers', and 'Community engagement and customer support'.
